19 Morrison Lane  
Sandown, NH 03873

## Greaterworks New Film Project:

**“Seasons of Ground Zero”** ~ creatively blends elements of music and drama, 'reality TV', variety show and humor to explore the resilience of the human heart and the enduring spirit of freedom. This film explores the ordinary and the extraordinary life experiences we share and those ties that bind us when tragedy strikes the heart of Small Town America and the American Dream. What do we do when faced with our own "Seasons of G Ground Zero"? Includes true stories and scenes from the original (fictional) story "Seasons of Ground Zero" @2001 about two teens and a seasoned veteran soldier who are brought to Ground Zero in very different ways by the tragic events of 9/11.

**What does freedom mean to you?**

***A Portion of Profits earned from film will benefit local communities and youth performing arts programs .***
